United Way understands that you really want to make a difference right here in Baker County. We want to help you do that.

Our experience tells us that most people want to help neighbors in their own community.

That's why our United Way policy is:

- Donations raised by United Way in Baker County stay in Baker County and
- Donations raised in Union County stay in Union County.

Having one office for both counties makes sense, it saves on overhead expenses and gets the money to where it is needed most... to the local community non-profit organizations who help our neighbors.

Here in the Baker County area we're focused on critical issues like food, emergency services, education, and youth programs. Or, designate your donation to the human service non-profit of your choice.

Your United Way : **Our Story**

Who we are

For over 50 years, United Way of Union County has been committed to improving the lives of all those who live in Union County. In the past, Baker County has not had a United Way. When Baker County residents and businesses asked us to expand our boundaries, it seemed the logical and needed progression. By giving to United Way you can make the single most powerful philanthropic investment possible. Your gift is combined with those of your colleagues, friends and neighbors, resulting in an investment that is magnified and multiplied, letting you do more than you could possibly do by making a single gift to a specific agency. That is a powerful equation. We are a volunteer driven human service organization working to improve the quality of life for all who live here. We are here to provide personal assistance. If you have any questions, please contact United Way's Executive Director anytime at 541-962-0306.

We provide leadership that unites communities and resources to create lasting human care solutions for the residents of Union & Baker Counties.
